# EL PROYECTO

---

El proyecto FUTUREVET tiene el objetivo de crear unos materiales y guías que allanen el camino de los/las docentes para la implementación de una nueva formación profesional más inclusiva y orientada al entorno laboral, y especialmente permita a los/las docentes españoles implementar la nueva Ley Orgánica de Ordenación e Integración de la Formación Profesional aprobada el pasado 16 de diciembre de 2021.

# OBJETIVOS

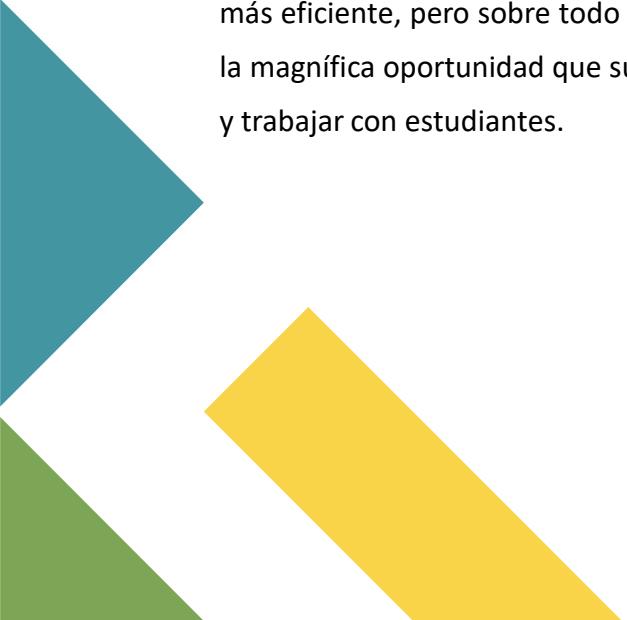

# BENEFICIARIOS

## EMPRESAS TECNOLÓGICAS

Este proyecto ayudará a estas empresas a modificar su organización, formar a su personal y establecer procesos de prácticas que realmente contribuyan a lograr sus objetivos de manera más eficiente, pero sobre todo a darse cuenta de la magnífica oportunidad que supone la nueva FP y trabajar con estudiantes.

## DOCENTES VET

FUTUREVET ayudará a implementar todos los cambios requeridos por el nuevo modelo de formación profesional. Este grupo beneficiario recibirá el asesoramiento y las herramientas adecuadas para modificar sus metodologías potenciando la participación de las empresas en los procesos formativos, adecuando sus contenidos a la nueva estructura de FP, pero también ayudándoles a convencer a las empresas del sector tecnológico a que participen en las prácticas. Todo ello, a través de una perspectiva inclusiva que aporte oportunidades reales de integración laboral a sus estudiantes.

## ESTUDIANTES VET

FUTUREVET promoverá el desarrollo de materiales y herramientas que atiendan las necesidades específicas de estos/as estudiantes, adaptadas a un modelo de formación profesional.

## R2. THE TEACHER FACING A NEW, MORE INCLUSIVE, VOCATIONAL TRAINING

A result that guides the teacher of technological vocational training to adapt their work to the new configuration.

We propose a guide that not only explains the consequences of the new models of vocational training for teachers, but also provides them with methods and tools to adapt their work to the new changes that are taking place in VET (especially in Spain due to the change of law but also brew within European countries).

## **R4. COURSE FOR TRAINING COMPANIES ON HOW TO IMPLEMENT THE NEW MOBILITIES**

---

This course will show the attractiveness of the new educational model and the opportunities it offers to the company, while helping them to modify their practices and generate the necessary figures for it, such as the dual tutor in the workplace.

This course will facilitate the reception of internships of VET students with obstacles in technological companies, especially abroad, thereby enhancing the internationalization of both the company and the educational center.

This course will be taught through a digital platform.
